

Green Dream Code Of Ethics

1. SINGLE USE PLASTICS:

1. Ban single use plastics and opt for washable, reusable containers, utensils and use Repurpose products all made from plants
2. Provide and or educate and encourage people to bring their own utensils, containers, water bottles, etc.

2. SUSTAINABLE VENUES:

1. Use sustainable venues for events and meetings whenever possible
2. LEED Certified for exp.
3. Meetings or events hosted in homes - make efforts to provide reusable cutlery, cups, and recycling / compost receptacles

3. PRINTING:

1. Utilize 100% post consumer waste paper for all brochures and flyers
2. Try to limit the amount of printed literature, flyers, notices, etc. (take a picture of a flyer versus grabbing one to reduce waste)
3. Ensure that all literature, flyers, notices, brochures, etc. are printed using the front and back of the paper and feature the recycle logo
4. Use your tablets and power points to share information rather than passing out on paper

4. COLLECT WASTE:

1. Collect any and all paper left behind at the end of a meeting or event and have a designated person to recycle everything

5. OFFER VEGAN and ORGANIC OPTIONS:

1. Promote and educate members on vegan living and plant-based eating
2. Require at least one vegan option at all events and meetings that will have food
3. Note the significant link to animal agriculture and environmental degradation
4. Purchase organic produce from local farmers market to support our farmers and be healthy

6. PUBLIC TRANSPORTATION:

1. Educate and promote the use of public transportation, carpooling, bicycle-riding, etc.

7. MERCHANDISE:

1. When possible, opt for organic, recycled fabric, recycled metal, non-plastic, materials

8. EDUCATION:

1. Promote and educate people on all of these points
2. Encourage candidates who seek endorsement to try and embrace and abide by these or at the very least make them aware of these points
3. Try to live by these points in your daily life

9. APPOINT AN ENVIRONMENTAL CHAIR

1. This Chair will oversee all Environmental Issues
2. Makes certain Code Of Ethics are Implemented in the Clubs activities and the Green Pledge honored
